

# Live your dream and become a fashion model for the day!

So when was the last time you did something just for you for a change?

You have planned and prepared for the seasonal festivities, achieved the best roast potatoes of the year and the turkey was cooked to perfection too.

Choosing the perfect little dress for your New Year party, good friends, fun had by all, chance to let your hair down, but it's over so quickly, bit of an anti-climax, especially as you looked so gorgeous in that little red dress.

It seems an awful shame to pack it away just yet, you had so many compliments paid to you that night, but it's hardly suitable to wear on the school run!

Hey, no need to feel blue, Sussex Life is here for you, and gosh! What a treat we have in store for all of you. Grab your little red dress from the

cleaners now, because we have the super trouper ready for you with the chance to live your dreams and become a fashion model for the day!

We have teamed up with celebrity photographer, Phil Howard, Creative Director Fatosh Kalan and top MAC makeup artist of Dream Portfolios offering you the chance to win a professional photo shoot worth over a thousand pounds!

No other company offers the same unique professional service, and the concept and theme is entirely for you, the client to choose. Dream Portfolios style your hair, help make you look gorgeous then creatively direct your signature wish shoot. Dream Portfolio clients never have to dread the hard sell either, due to one fixed price and a disc of high resolution images for your unlimited future use.

They will work with you at your chosen location, perhaps your own home, wearing all your favourite clothes or even on horseback cantering along your favourite stretch on the Sussex coast, the possibilities are endless.
